### **III- EXAM INFORMATION**

DEYÖS exam is conducted on two languages (*Turkish and English*) and consists of **100** multiple choice questions. The test duration is **150 minutes**.

The content of the exam consists of the following courses according to the high school curriculum.

	Maths	Physics	Chemistry	Biology	History	Geography	General Knowledge
Number of Questions	20	10	10	10	10	10	30
Quantitative (SAY)	1.2	1.2	1.2	1.2	0.8	0.8	0.8
Equally Weighted (EA)	1	1	1	1	1	1	1
Verbal (SÖZ)	0.8	0.8	0.8	0.8	1.2	1.2	1.2

Only the right answers are taken into account when evaluating the exam, **wrong answers are not taken into account**. (*Wrong answers are ineffective in score calculation, so answering all questions will be in favor.*)

Number of correct answers for each course are used to calculate the standart deviation and the mean (*by setting the average of the distribution to 50 and the standard deviation to 10*) and the standardization process is applied for the course. Standardized values are multiplied by the coefficients and three different points as quantitative (SAY), verbal (SOZ), and equally weight (EA) are calculated for each candidate.
